

NJACT PERRY AWARD TECHNICAL SHEET

Often times the labels used in a show's program to credit individuals for their work do not align with our award categories. Therefore, to help avoid errors, NJACT member theaters are encouraged (but not required) to submit this form to the reviewer assigned to evaluate their show. Feel free to attach any additional information you feel the reviewer should know about your production which is not specifically requested on this form. The completed form should be left with the reviewer's tickets at the box office.

PERFORMERS

This is your opportunity to suggest which performance category (Lead, Supporting or Featured) an actor should be considered for. See the 2001-2010 Review Process Manual for definitions of these categories. Please note that the final decision is left to the reviewer and the NJACT board. **Please also identify which actors are adults and which are youths. Actors ages 17 and under must be identified as "Youth".**

If you have equity actors in the cast, please identify them in the notes section below the actor's name.
